Homa Bay County Budget Implementation Review Report for Quarter Three, FY2024/2025

FOREWORD

The FY 2024/25 Annual CBIRR presents key information on the budget performance and fiscal framework of all nineteen spending entities of the County Government of Homa Bay. It provides a detailed analysis of revenue performance, including Own Source Revenue, Appropriations-in-Aid, County Revenue Fund, Exchequer releases, and grants, as well as expenditures and budget absorption rates, all measured against the approved budget estimates for the period. The report also highlights major challenges encountered during implementation and proposes recommendations to address them.

The preparation of this report is guided by the Public Finance Management Act, 2012, particularly Sections 166 and 168, which require the CECM for Finance to prepare quarterly budget implementation reports and submit them to the County Assembly, Controller of Budget, National Treasury, and Commission on Revenue Allocation. This report fully complies with Section 166 (1-4) regarding content, timelines, and statutory requirements. In line with Section 166(4c), it has also been made available to the public through multiple platforms, including the county website, to ensure transparency and accessibility.

The Annual report provides essential insights to the County Executive, the County Assembly, and the public in line with our commitment to accountable and transparent governance, as envisioned in the Constitution of Kenya and the County Governments Act. In addition to raising public awareness on budget execution, it serves as a tool for improving public resource management under the stewardship of the County Government of Homa Bay.

I therefore invite the public, stakeholders, development partners, and all interested parties to review and engage with this report constructively, with the shared goal of ensuring prudent use of resources and maximising value for money for every shilling spent.

Thank You,

SOLOMON OBIERO,
CECM – FINANCE AND ECONOMIC PLANNING

EXECUTIVE SUMMARY

This Quarter Three Budget Implementation Review Report (CBIRR) for Homa Bay County, covering July to September 2024 in the FY 2024/25, is prepared in compliance with Sections 166 and 168 of the Public Finance Management Act, 2012. The report evaluates the budget execution status across all 19 county entities during the review period, analyzing revenue generation and expenditure trends. It also identifies key challenges encountered in the implementation process and proposes strategic recommendations to enhance efficiency in future budget execution.

Budgetary Allocation Quarter Three FY 2024/25

For the FY 2024/25, the Homa Bay County Assembly approved a budget amounting to KShs. 11.88 billion. Of this total, KShs. 4.21 billion (35%) was allocated for development programmes, while KShs. 7.67 billion (65%) was allocated to recurrent expenditure. The proportion set aside for development aligns with the Public Finance Management Act, 2012, which mandates a minimum of 30 percent of the budget to be directed towards development expenditures.

Revenue Projections and the Sources in FY 2024/25

The County Government of Homa Bay projected a total revenue of KShs. 11.88 billion to finance its FY 2024/25 budget. This comprised KShs. 8.44 billion from the equitable share of revenue raised nationally, KShs. 1.83 billion in conditional grants and additional allocations from the National Government and Development Partners, and KShs. 501.74 million from ordinary own-source revenue. Additionally, the county expected to receive KShs. 981.07 million from the Facility Improvement Fund (FIF)/Appropriation-in-Aid (A-I-A), KShs. 128.60 million from the Equalization Fund allocated by the National Treasury, and KShs. 748.82 million carried forward from the previous financial year.

Budget Turnout Performance FY 2024/25

In the first nine months of FY 2024/25, the county realized KShs. 7.186 billion in revenue against an expected KShs. 8.910 billion, reflecting a 61% budget turnout and a shortfall of KShs. 1.722 billion. Revenue sources KShs. 5.390 billion from the National Treasury's equitable share, KShs. 65.131 million in additional allocations/conditional grants, KShs. 285.542 million from ordinary own-source revenue, and KShs. 753.152 million from Facility Improvement Fund (FIF)/Appropriation in Aid (A-I-A). Compared to the same period in FY 2023/24, total revenue collection increased of Kshs. 1.002 billion from KShs. 6.184 billion.

Overall Expenditures in Quarter Three FY 2024/25

During the reporting period, the county spent KShs. 5.97 billion on development and recurrent programs, representing 104% of the total funds released by the Controller of Budget (CoB). This expenditure comprised KShs. 4.81 billion for development programmes and KShs. 1.157 billion for recurrent programmes. Comparatively, this reflects a 3% increase in fund absorption, rising from KShs. 5.29 billion spent in the same period of the previous financial year to KShs. 5.97 billion in the current period.

Challenges Encountered in Quarter Three FY 2024/25

Homa Bay County encountered several challenges during the third quarter of FY 2024/25 that hindered optimal budget implementation. The county experienced a significant revenue shortfall, collecting only 55% of the projected funds, largely due to delays in disbursements from the national government and underperformance in own-source revenue collection. Furthermore, some development projects were delayed by lengthy procurement processes and coordination difficulties among the various county departments, which affected timely execution and delivery of services.

Recommendations

To address these gaps, the county should intensify efforts to engage with the National Treasury to ensure timely disbursement of grants. Strengthening local revenue administration through digitization, enforcement, and capacity building could improve own-source collections. Additionally, improving planning and forecasting mechanisms would help align expenditure with actual revenue flows.

CHAPTER FOUR: CHALLENGES AND RECOMMENDATIONS

4.1 Challenges Encountered in Quarter Three FY 2024/25

The County Treasury identified several challenges that hindered effective budget execution across various entities. Some of the major ones included:

- ✓ The county realized only 55% of its total approved revenue by the end of Quarter 3, indicating significant underperformance in revenue collection.
- ✓ There is heavy reliance on the equitable share from the National Treasury, with limited diversification of revenue sources.
- ✓ Development expenditure was notably low, with only KShs. 1.16 billion spent out of the allocated KShs. 4.2 billion, indicating slow implementation of development projects.
- ✓ The overall budget absorption rate was low, with total expenditure reaching just 50% of the approved budget.
- ✓ The county did not receive any funding from the Equalization Fund, and conditional grants disbursed were only 3% of the expected amount, undermining service delivery in key sectors.

4.2 Recommendations

Some of the recommendations for addressing the identified challenges include but not limited to the following:

- ✓ The county should strengthen its own-source revenue collection systems through compliance enforcement, and capacity building.
- ✓ There is a need for sustained engagement with the National Treasury and development partners to ensure timely disbursement of conditional grants and other external funds.
- ✓ The county should streamline procurement and project implementation processes to accelerate development spending.
- ✓ A real-time budget monitoring and reporting system should be established to track fund absorption and promptly address implementation challenges.
- ✓ Explore alternative revenue-generating opportunities, including public-private partnerships and enhanced local fees and levies, to reduce overdependence on national transfers.
